

**NO CHARGES ACCEPTED FOR FOOD
SERVICE
EFFECTIVE MAY 1, 2018**

Effective May 1, 2018, students will not be allowed to charge items for food service for the remainder of the school year. All food service charges and delinquent accounts must be cleared prior to the end of the school year, May 18. Charges will not be allowed during summer school. For payments that are needed to be promptly applied to your child's account, please send in cash or check.

Funds will remain in the student's account and be available for summer school or the next school year. Refunds are only processed when a student withdraws from Nixa Schools for amounts above \$10, upon request. The form is located on the school's website under [Our District > Departments > Food Service > Resources > Lunch Refund Request](#). If you have any questions about your child's food service account, please contact your school building cashier. Have a safe and enjoyable summer.
